

SRFECC CORE VALUES est. Nov 2012

Strength of Character

Strength of Character defines us as a team. We understand nothing can be achieved without our unity. Therefore we are united; we are committed to one another and to our mission. We hire individuals who understand the value of morality, ethics, and honesty. We intentionally spend a great deal of time and energy investing in our team and future. Our team reflects our investment and our pride.

SELFLESSNESS

Our SRFECC family understands customer service. In order to serve, we must put others first. We must understand above all else our priority is always to our community, our constituents, and to one another.

DAY FORWARD

We learn from yesterday's mistakes, which make us smarter and stronger. We forgive ourselves and move forward. We know each step we take, each decision we make, every singular action is one step towards collectively becoming the Premier Agency in the United States of America.

SERVANT LEADERSHIP

Our Command Staff exists to serve. We believe people are our strongest asset. We promise to lead with honor, humility, and compassion. We will lead with our actions and champion our teams. We will make you strong, support the mission, and never let you forget how much you are valued.

"...We have also taken advantage of their catering services several times and the food, set up and service has not disappointed. All in all we love holding our classes and meetings at the SRFECC Training and Conference Center and look forward to doing so in the future as well!"

Dina Henry Scott, PMP

IT Manager, FTT- Infrastructure Project Delivery
